

K-Love impacts my life daily by playing uplifting music, sharing short encouraging stories and Bible verses.
K-Love is the only station in my area that plays contemporary Christian music. It fills a gap between secular music and Christian Rock.
A similar station disappeared several years ago before K-Love (88.9) was available.
It was so sad for myself and my friends who love this type of music that ministers to our hearts.
It is evident by the many personal testimonies played on K-Love that this station makes a positive impact on them as it has me.
Please keep my station on the air!
